Ian Thomas Henderson's

# Clean Water Fundraiser

*"Jesus answered...Indeed, the water  
I give...will become in him a spring  
of water welling up to eternal life."*

~John 4:13-14

February 19, 2010 marks the one year anniversary of our son, Ian's death from an inoperable brain tumor (DIPG).

Sometimes a child gets sick and there's no cure this side of heaven. Thankfully, other times sickness can be cured or better yet - prevented.

Did you know a child dies every 15 seconds due to water-related illnesses? Our hearts break for the parents of those children.

Especially because those deaths may be preventable. Clean water, sanitation and hygiene can cut a community's child death rate in half. Our desire is to ease needless suffering caused by unsafe water supplies.

*- WILL YOU HELP?*

WORLD VISION, a Christian relief organization, works in nearly 100 countries to help children & families by meeting their basic physical & spiritual needs. With the partnership of people like us, they are making a real & lasting difference for millions of people -that's why we wholeheartedly support them.

When you donate to the Clean Water Fund, your gift will help save children from suffering or dying - you'll change lives forever. Please join with us by giving a tax-deductible gift that will

**BRING LIFE-CHANGING HELP & HOPE.**

In Ian's memory, we desire to raise enough money for a Traditional Well in a needy community. It will be 60 feet deep and supply more than 600 gallons of fresh water every day - enough to meet the daily needs of up to 150 people for years. The cost of a Traditional Well is \$2,600.

Thanks for joining us in this life-giving effort!

*Tom & Deb Henderson*

**Yes!** I would like to help World Vision provide clean, life-giving water to families in greatest need.  
My gift will help provide safe water for drinking, bathing, irrigating crops, and nourishing livestock.
